About PGP-ABM

IIMA has been offering a special programme focused on Agriculture from 1974. This programme was re-engineered as two-year Post-Graduate Programme in Agri-Business Management from 2003. The objective of the PGP-ABM is to develop young men and women into competent professional managers for the agriculture, food, agri-business, rural and allied sectors. The programme caters to the needs of enterprises serving these sectors, both domestic and international. It attempts to build sensitivity to domestic and international market needs and span the entire agricultural value chain.
