

## PRESS RELEASE

### POST GRADUATE PROGRAMME FEE 2017-19

**March 26, 2017 | Ahmedabad:** In its meeting on March 25, 2017, the IIMA Board of Governors affixed the fee for its two years Post Graduate Programme in Management and Post Graduate Programme in Food and Agri-Business Management for the Batch of 2017-19 at Rupees 21 lakh. This fee covers costs associated with tuition, accommodation, course material, library, placement services, and IT resources.

General inflation and Seventh Pay Commission implementation exert an upward push on cost of programme delivery. The Institute is committed to striving for efficiency in its operations. As the most liberal among Indian management institutions by far in financial aid disbursements (in 2016-17, one-third of our students received financial aid), IIMA is also committed to ensuring that no capable candidate is denied entry for reason of lacking financial wherewithal.
